Art Unit: 1724

Claims 1 - 3, 6-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Per claims 1 and 6, it's unclear whether the step of "recovering magnesium ammonium phosphate from a treatment process for organic waste and/or organic waste water treatment" is an element of claim 1. Per claim 2, the phrase, "with a pH of a liquid" cannot be understood.

Claims 4-5 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim may not depend from another multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims 5-6 have not been further treated on the merits.

Objection is made to the Abstract for exceeding one paragraph.

Claims 1 – 2, 6, 8 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by JP 2000-61274 A. Claims 1 – 2, 6 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by JP 8-155485 A.

Claims 3, 7, 9-10 would be allowed if presented in independent form in such a way as to avoid all Sec 112, rejections.
